Garden Partner (s) _____ Phone _____ Cell _____

The Gardens of GraceWorks is a non profit venture of the members of GraceWorks Church. Each gardener becomes part of the garden community for the year and will share in the responsibility for the safe and wholesome participation in the gardens with each other. With that, each gardener and gardening partner will abide by the rules and regulations attached hereto subsequently numbered pages two (2) and three (3) being part of your registration agreement. The registration fee entitles the Gardner to the use of the plot assigned for growing food crops and flowers organically as described in the garden guidelines, access to community tools found in the tool shed and water for irrigation of your plantings. We look forward to a productive gardening season and to a bountiful harvest. ~The Garden Committee
